"Napolinova World Chamber Music E-Competition" 2021 is created with the goal of providing young musicians with an opportunity to show their creativity. The pandemic has forced all of us to stay at home, and to cancel our concerts, festivals and live competitions. Young artists continue to work hard and we want to give them a chance to present themselves and their progress. This Competition is organized by "Napolinova", a musical association that has for more than twenty years engaged in the promotion of young artists through the creation of musical events. The jury members reside on different continents, but each is known worldwide. We will avail ourselves of their great experience and expertise, and ensure that the whole process is fair and transparent. The complete list of applicants will be made public. Winners will receive wide exposure through broadcasts, social media, and even live concerts, to help their artistic career.

Scholarships and concerts will be awarded at winners. The scholarships awarded will be equal to 50 % of the registration fees paid for this Competition.

At the conclusion of the competition, participants who do not win prizes can choose whether to make their videos public, or keep them unlisted.

The winners must immediately go on YouTube or YouKu and make sure their videos' settings are switched to "public". Those videos will be posted on the "Napolinova" Association's Facebook Page and in social the jury members.
